MEMORANDUM FOR: Director, National Photographic Interpretation Center

SUBJECT: Transmission of Messages by NPIC in Support of CORONA Missions

1. It is the policy of Development Projects Division to use message format whenever possible. If the same information is requested several times it is the objective to add to the message manual new or amended messages as required. [redacted]
2. The CORONA Reports Control Manual is presently being revised and any message you desire to have included in the new publication should be forwarded, in draft form, not later than 15 November 1961.
3. A review of requests for information transmitted to the West Coast Detachment reveals similar information is desired by NPIC following each mission. If at all possible it is suggested that these requests be put into a format-type message and they will then be given a [redacted] number and included in the Reports Control Manual 55-2.
